REMINDER: Post your OSHA Log Summary by Feb. 1

It's that time of year again—Feb. 1 marks the deadline for you to tabulate your annual OSHA Log Summary (OSHA Form 300A) and post it in a common area wherever notices to employees are usually posted.

The summary must list the total number of job-related injuries and illnesses that occurred in calendar year 2015 and logged on the OSHA 300 Form. And don't forget to leave the Summary posted until April 30, 2016.

If you need additional assistance, have questions about recordability, or would like to compare your loss performance trends against national benchmarking data, contact us today at (617) 773-9200 for more information.
